## ABOUT THE STATE.

## Items of Interest Gleaned From Our Exchanges.

The report of Fire Chief R. S. Russ of Bennington for the past year shows there have been 16 bell alarms, six slight fires put out by firemen or inmates, one call for lost child. The total damage was \$6270 with an insurance of \$5343.

Mrs. Wheeler Millett, with one exception the oldest person in Manchester, died Thursday morning at the home of her son, Charles Millett. She was born in Sunderland in 1812 and has lived in Manchester since 1832. She leaves one son, seven grandchildren and three great grandchildren.

Rev. Father Penders of Randolph announced to his congregation last Sunday that a generous gift of \$1,000 had been made to the parish to apply on the debt incurred in the purchase and furnishing of the parochial residence. At the request of the donor, whose left hand is evidently not always aware of what his right hand doeth, his name was withheld from the knowledge of the grateful people.

The frightened cries of "murder," "help" issuing from two feminine throats served to startle a few people in the north part of Burlington about ten o'clock Wednesday night, and as a result two young men rushed into the house and found that an unknown man in an advanced stage of intoxication, had walked into the residence of one of the families on North street, and when ordered out refused to leave.

There were 32 births of living children in Randolph during the past year—29 girls and 3 boys—25 marriages and 37 deaths. Of the latter three were due to tuberculosis, five to apoplexy, eleven to heart disease, three to pneumonia, three to different forms of sarcoma, three to cancer, one to diphtheria, one to cholera morbus, two to bronchitis and grip, two to accidental drowning and one to self-inflicted gunshot wound. In 1903 there were 46 births, 29 marriages and 45 deaths.

A good story is going the rounds in Rutland in regard to an adventure of an insurance agent who is well known for his frequent boasts that he is not afraid of anything. He recently went to the house of a woman whom he thought was in need of insurance and as there was no response to the ringing of the door bell the agent went around to the back door, believing that the failure to answer the bell was intentional. When she saw the agent coming to the rear door determined to get in, the woman let loose a good-sized, ferocious looking bulldog, and the agent nimbly swung onto the lower branch of a nearby apple tree. He remained there over an hour, until the man of the house arrived and administered to the agent a tongue lashing and called off the dog.

It is doubtful if any independent telephone company in this state can show a better record during so short a time as the newly incorporated Cornwall Telephone and Telegraph Co., which was organized October 1, 1900, by W. H. Bingham, H. E. Sanford, A. W. Foote, F. E. Foote and Robert Easton, of Cornwall. The original purpose of those who organized the company was to connect their residences but neighbors at once awoke to the opportunities of the telephone and today the company which was incorporated a few days ago operates 276 miles of wire and has 148 miles of pole lines with over three hundred subscribers, the lines covering Cornwall and extending into Whiting, Sudbury, Hubbardston, and Castleton, besides having switching arrangements with the lines of the New England Telephone & Telegraph Co. at this point.

The Burlington custom house officials have received notice from the surgeon general of the marine hospital service that the relief station for sick and disabled seamen which has been maintained at Burlington for many years has been abolished. Burlington formerly had a marine hospital on the Shelburne road which was turned over to the Home for Destitute Children many years ago. Since that time the relief station has been maintained, the government entering into a contract with the Mary Fletcher Hospital to care for such patients as might be in need of medical assistance. At least two or three a year have been cared for in this way in Burlington. Marine hospitals are maintained, of course, for those sailors in American ships who find themselves "under the weather." The hospital at Burlington and later the relief station were undoubtedly established and kept up because of Burlington's proximity to Lake Champlain.

Mr. and Mrs. Daniel McKenney of Richmond were married fifty years Sunday, Jan. 1, 1905, and celebrated the golden anniversary of that event on Saturday, Dec. 31, by a family reunion and dinner at the home of their son, Joseph McKenney, at Berkshire Centre. There were present beside the bride and groom, an elder brother, Israel McKenney of Princeton, Wis., a younger brother, William McKenney, and wife of Hartford, Conn., and a sister, Mrs. Parney McKenney Wright of Richmond. His son Joseph and wife and daughter Candace, a daughter, Mrs. Dora James of Hartford, Conn., a daughter, Mrs. Maude Smith and husband, Leon J., and two children of Richmond, a sister in law, Mrs. Harriet McKenney of Richmond; a niece, Mrs. Frankie McKenney Budd and husband, Hope of Enosburg Falls, and four nieces and their husbands of Richmond.

## ANOTHER WONDER OF SCIENCE.

## Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff, sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Rickert & Wells, Special Agents.

Lord, Mrs. Nellie Sears Conger, Mrs. Jennie Sears Pattee, Mrs. Sarah Sears Pattee, Mrs. Saloma Sears Smith and Alden N. Sears, Mr. F. C. Sears of Richmond, who was present at the wedding fifty years ago, and S. Brock of Glen Sutton, an uncle of Mrs. McKenney, who was also present at the wedding.

## A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Rickert & Wells, Druggists. Price 50c.

## GLEANINGS.

Over 5,000 horses are killed in Spanish bullfights every year, while from 1,000 to 1,200 bulls are sacrificed.

The Swedish town of Hufanger has established a graduated tax on all persons weighing more than 135 pounds.

Every adult passenger who travels through the Suez canal pays a toll of \$2. Children under twelve are assessed \$1.

In Vienna the answers made by prisoners in the sweat box are recorded by a phonograph, so that there cannot be subsequent doubt of the statements made.

The Gabelhorn, Canton Valais, Switzerland, was ascended for the first time recently by two tourists and a guide. Many attempts have been made during the last fifty years.

A public subscription has been started in Holland toward repairing the ruined cottage at Zaanam in which the Czar Peter the Great lived while he was working as a navvy in the docks.

A sensation has been caused in Spain by the revelation of the fact that the prisoners taken for participation in the anarchist demonstration at Alcala de Valle were tortured. Some died under the punishment and others are left wrecks for life.

## Makes Young Chicks Strong

No better commendation could be made for a Poultry Food than that it makes young chickens strong. Strong chicks make vigorous adults. Ruth E. Grendell, Mapleton, Me., writes as follows as to this point: "We have used and sold three barrels of 'Page's Perfected Poultry Food' in the past year and can say that it will do all that is claimed for it as an egg producer. All that I have said to brag about it and want more soon. I feed it to my young chicks and it makes them strong and healthy. One of my pullets commenced to lay the first day of October and laid 24 eggs during the month. The rest laid all winter."
